What participants have said about Jesus' Healing of the Whole Person Course .....

"...I would like to share about the teaching time and how this has impacted my life this year. What I absolutely love about the teaching is the awareness it opens in me to the issues I have in my life, and to see more clearly where these are coming from, i.e. WHY I behave in certain ways when triggered by others/self/circumstances. Understanding there are very real reasons to the way I behave helps me accept myself where I am right now, but also gives me the tools to work through my stuff and walk into greater freedom in Christ."

"...attending JHWP has impacted my life more than words can say. I have heard much of the teaching before, but it is in the application through ministry sessions that you really see God work, not only to change my own life and behaviour, but also see lives changed and people set free from all sorts of bondages."

"...this is the best thing I have done in my Christian walk. Each course topic has dealt with issues in my life that needed a clearer understanding and cleaning up. Giving me the time to deal with each topic as it came up has been a real advantage."

> … Jesus said, "Therefore go and make disciples….Teach these new disciples to obey all the commands I have given you."
>
> **Matthew 28:19-20 (NLT)**

Jesus' Healing of the Whole Person is a three level training course, run over three years. Each level progressively builds on the information and skills taught in previous levels.

Level 1 focuses on basic healing and discipleship principles. *(see website for details)*

Level 2 looks at more specific areas where healing may be required. *(see website for details)*

Level 3 teaches advanced healing topics and equips participants to find their unique place to serve within the Body of Christ. *(see website for details)*

Participants may choose to complete one, two or three levels of the course.

The three Levels of JHWP are run concurrently, with participants receiving teaching in their own level plus the opportunity to participate in healing prayer ministry sessions and intercessory teams with participants from other levels.

Teaching on each topic will incorporate practical exercises to help participants apply the teaching to their life.

Each participant will receive at least one personal healing prayer ministry session each year. These sessions will be overseen by experienced leaders, and participants may be given the opportunity to lead different aspects of the session.

Why Jesus' Healing is Needed

Jesus came to give us life, in all its fulness. (John 10:10b) However life is not always kind to us. We all have hurts and wounds from life that affect our relationship with God and others. Emotional wounding scars us more deeply than we realise, impairing our ability to function and enjoy the abundant life God desires us to have.

On the cross Jesus Christ dealt with sin and its consequences. Satan has been defeated, yet we often fail to live the full life Christ won for us, continuing to live bound by lies and deception and reacting to circumstances instead of witnessing Christ through our behaviour.

Jesus' Healing of the Whole Person will equip you to deal with blockages in your life, to more effectively pray for others, and release you into Christ's healing and fulness of life.
